

# Lecture Series

## CCC Mf Seminarreihen

Wednesday, 24.03.2021, 17:00 s.t.  
ZOOM Seminar

**Martin Bushell**  
*Beatson Institute, Glasgow*

Understanding how the eIF4F complex  
delivers an oncogenic gene expression  
program

Tuesday, 20.04.2021, 17:00 s.t.  
ZOOM Seminar

**Stephan Hamperl**  
*Helmholtz Zentrum München*

Conflict Resolution in the Genome - how  
transcription and replication coordinate  
their work

Tuesday, 27.04.2021, 17:00 s.t.  
ZOOM Seminar

**Denes Hnisz**  
*MPI, Berlin*

Transcriptional condensates in  
health and disease

Wednesday, 05.05.2021, 17:00 s.t.  
ZOOM Seminar

**Travis Stracker**  
*NIH, Bethesda*

Genomic instability: causes, consequences  
and opportunities

Tuesday, 06.07.2021, 17:00 s.t.  
ZOOM Seminar

**Alessio Ciulli**  
*Dundee University*

Bringing proteins together for targeted  
degradation: mechanism and design

Tuesday, 20.07.2021, 17:00 s.t.  
Presence or ZOOM Seminar

**Thanos Halazonetis**  
*University of Geneva*

DNA replication stress in cancer and aging
